Accentuate (100-Word Story)

The word "accentuate" is a verb that means "to make more noticeable or prominent."

Here are a few examples of “accentuate” used in a sentence.

In fashion, a well-chosen accessory can accentuate an individual's personal style and elevate the overall look.

The chef used a hint of fresh herbs to accentuate the delicate flavors of the dish, creating a culinary masterpiece.

Your mission is to use the word “accentuate” at least two times in a 100-word story. Here is an example 100-word story.

Amelia, an aspiring fashion designer, envisioned a collection that would accentuate individuality and celebrate diversity. With a tenacious commitment to her vision, she sought fabrics and textures that would accentuate the unique qualities of each garment. Amelia's designs aimed to accentuate confidence and self-expression, breaking free from conventional fashion norms. As the runway show approached, she collaborated with models whose diverse backgrounds would accentuate the collection's inclusivity. The bold use of color and unconventional patterns served to accentuate the vibrancy of the pieces, making a statement about embracing authenticity. In the world of fashion, Amelia's work continued to accentuate the power of personal style and diversity.

Write your 100-word story below. Be sure you use the word “accentuate” two or more times.

[illegible]
