Write a story about a tree, a car, a mouse, and a blanket

Here is your task. Write a story that features a tree, a car, a mouse, and a blanket. That's right-somewhere in your story you need to include a tree, a car, a mouse and a blanket. Perhaps you could write about a mouse that crossed the road, and made a car skid and hit a tree. And when that car hit the tree, the driver was saved by wrapping himself in a blanket. What you write about is up to you. Just be sure your story is creative, and well-written. So once againWrite a story that features a tree, a car, a mouse, and a blanket. Good luck.	1
