# Respond to a Quote by a Scientist

Great writers not only support their ideas with evidence and reasoning, but they dazzle readers with their depth of thought.

You need to **choose a quote to respond to, and decide if you agree or disagree with that statement.**

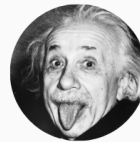

Be sure you write 250 words or more, and be sure you support your ideas with ample evidence and reasoning.

**Marie Curie**

@mariecurie

Nothing in life is to be feared, it is only to be understood. Now is the time to understand more, so that we may fear less.

**Albert Einstein**

@mrrativity

Imagination is more important than knowledge. For knowledge is limited, whereas imagination embraces the entire world, stimulating progress, giving birth to evolution.

**Carl Sagan**

@CarlSagan

We live in a society exquisitely dependent on science and technology, in which hardly anyone knows anything about science and technology.

**Thomas Edison**

@ThomasEdison

Until man duplicates a blade of grass, nature can laugh at his so-called scientific knowledge.
