Write a Letter of Advice for Incoming Students to Your Grade

Now that the school year is almost over, you are in the perfect position to give advice for students who will be entering your grade next year.

Your mission is to think about the past school year, and write a letter of advice for incoming students to your grade.

What should students be aware of? What study habits should they develop? What skills do they need? What classes do they need to prepare for?

Remember, you are the expert on this topic. So once again, write a letter of advice for incoming students to your grade.
