Create a Plan to be a More Organized Student

For the following task, you need to write down how you plan to be a more organized student.

Here are some questions to ponder:

What are your weaknesses when it comes to organization. What are your strengths? Do you need to color-code your notebooks? Do you need to establish the habit of writing in your planner? What organizational systems could you create? Would becoming more organized reduce your stress? Do you need to set aside 1 hour every Sunday evening to write down your schedule? Do you need to take better notes in class?

When it comes to organizing your school life, you need to figure out routines, habits, and systems that work for you.

So write down 150 words or more detailing how you plan to be a more organized student.
