## Turn Your Favorite Song Into a Story

Your mission for this activity is to take your favorite song, and turn it into a short story.

Be creative with your story. Dare to take your story in any direction you please. Just be sure you can explain how your story relates to your favorite song.

Maybe there is a central message to your song you want to build a story upon? Or maybe you think the title could be grounds for an intriguing tale?

Once again, feel free to take your story in any direction you want, just explain how your story relates to your favorite song.
