In the quiet town of Salem Pines, where the legend of witches and the supernatural ran deep, a group of friends gathered at an old, dilapidated inn on Halloween night. The Salem Pines Inn was known for its dark history, and the townsfolk believed it was haunted by the ghost of a 17th-century witch.

The group of teens, led by Emma, were skeptical of the local superstitions and decided to spend the night at the inn to prove that the stories were mere tales. They had brought cameras, voice recorders, and a determined resolve to uncover the truth.

As the moon hung low in the sky, casting eerie shadows on the inn, they began their investigation. The atmosphere inside was heavy with history and mystery. Creaking floorboards and gusts of cold wind added to the ambiance.

The friends set up their equipment in the most rumored haunted room, known as the Witch's Chamber. Its walls were adorned with strange symbols and old, faded writings. They hoped to capture evidence of the ghostly presence said to linger here.

The night grew colder, and the friends started to feel unease. Shadows danced in the corners of their vision, and strange noises echoed through the inn. Whispers in the darkness sounded like incantations from another era. Still, they held their ground, determined to uncover the truth.

Suddenly, the room plunged into darkness.
