Directions: Watch the video lesson by scanning the QR code above. Then insert "it's/its in the paragraph below.

paragraph below.
The bird flapped (1) wings and flew into the sky. (2) amazing how effortlessly they can soar through the air. The bird, with (3) keen eyesight, spotted a worm wriggling in the grass below. (4) fascinating to see how they can spot prey from such a great height. The bird swooped down and grabbed the worm in (5) beak. (6) impressive how they can catch prey while flying at high speeds. Overall, watching the bird in action is a great reminder of the wonders of nature and (7) incredible creatures.
Directions: Now demonstrate your knowledge on the differences of "it's/its." Write a paragraph on the topic of your choice inserting "it's/its."
