"Show Off" Your Knowledge

Your mission is to "show off" your knowledge on a topic of your choice. If you know everything about the Mexican soccer team, then write about the Mexican soccer team. If you know the intricacies of a certain video game, then write about that video game.

The purpose of this task is to get you writing about something you are passionate about or interested in. It is when we write about topics that we like when ideas truly shine.

So once again, "show off" your knowledge on a topic of your choice. Be sure you write 250 words or more.
