# Alliteration

Alliteration occurs when several words in a row (or close together) start with the same consonant sound.

Example:

Silly snakes slither silently.

You need to use alliteration for each of the consonant sounds given. Have fun and be creative with your responses.

1) Use alliteration for the consonant sound "B."

---

---

---

---

2) Use alliteration for the consonant sound "D."

---

---

---

---

3) Use alliteration for the consonant sound "J."

---

---

---

---

4) Use alliteration for the consonant sound "D."

---

---

---

---

5) Use alliteration for the consonant sound of "L."

---

---

---

---

6) Use alliteration for the consonant sound of "M."

---

---

---

---

7) Use alliteration for the consonant sound of "N."

---

---

---

---

8) Use alliteration for the consonant sound of "C."

---

---

---

---
