Can You Write a Biography for an Emoji?

A biography is an account of someone's life, written by someone else.

For this activity, you will be a biographer. Your task is to write the life story of someone else. In this case, you will write the life story of three emojis. Yes, you read that correctly – three emojis!

Since emojis are not real people, your writing will clearly be a work of fiction. (If this is news to you, my apologies) This activity gives you the chance to get creative and weave fascinating stories about the lives of these emojis.

For example:

- One emoji might have grown up poor, studied hard, and become the principal of an emoji school in Emojiville.
- •
- Another might have had their milk stolen by a bully and trained to become a ninja a ninja dedicated to bringing bullies to emoji justice (whatever that means).
