Turn Up the Creativity: Write a 100-Word Story Inspired by a Song

For this activity, you will write a 100-word story inspired by each song played.

Here's how it works:

- 1) Your teacher will play a song. You should close your eyes and listen.
- 2) Listen carefully to the entire song. Pay attention to the mood, lyrics, or any images the music brings to mind.
- 3) While listening, brainstorm ideas for a story that captures the essence or emotion of the song. Once the song ends, use your ideas to craft a concise, imaginative story in exactly 100 words. Let the music guide your creativity!

Song 1:
