I have been wanting to go on a trip for quite some time. My friends have invited me to join them, but unfortunately, I have to work during the days they are planning to go. However, I have requested a few days off from work to visit my family, and I'm thinking of going on a trip too. I have been saving money for two months, and I think I'll have enough to cover the expenses. I'm really looking forward to it, as it's been too long since I've been on a vacation. I hope everything works out, and I'll be able to go to my family and on the trip too.
