## Who is Better: Messi or Ronaldo?

So here is one of the most debated and most important questions in the history of the world.

Who is better-Messi or Ronaldo?

Now you can take this question in any direction you please. Perhaps you think Ronaldo was more dominant in his prime. Maybe you think Messi had the best overall career statistically. Or perhaps you believe Ronaldo is more athletic and capable of jaw-dropping plays. Or maybe you think Messi is a genius on the field.

Whatever position you take, be sure you support your claims with evidence and reasoning. If

you think Messi is better statistically-then show that. If you think Ronaldo was more dominant during a certain set of years, then demonstrate that. If you think statistics don't capture the intangibles that Messi brings to the game-then explain why. So once again your question is this: who is better-Messi or Ronaldo? And be sure you support your claims with evidence and reasoning.
