Homophone Havoc: A Courageous Writing Challenge

Your Mission:

Get ready to put your creativity—and your homophone skills—to the test. Your task is to write an engaging and imaginative story centered around the theme of courage.

But there's a twist! You must skillfully incorporate at least 20 homophones into your story. That's right—20. The more cleverly you use them, the better.

Guidelines for Success:

- ✓ Your story must revolve around the theme of courage—this could be bravery in the face of danger, standing up for what's right, or overcoming a personal fear.
- ✓ Use at least 20 different homophones from the list below. (Bonus points if you can use even more)
- ✓ Each homophone must be used correctly in context. No shortcuts.
- ✓ Be as creative, funny, or dramatic as you like—make your story stand out

Here are some homophones you can use in your story:

- | | |
|---------------------------|---------------------------|
| • Their / There / They're | • Allowed / Aloud |
| • To / Too / Two | • Ate / Eight |
| • Your / You're | • Beat / Beet |
