

Top Secret Mission: Agent Training for Young Recruits

Agent, you have been chosen for a top-secret mission. Your success depends on your ability to follow every instruction with care. Stay focused, be precise, and remember—only the best agents complete their training.

- 1) **Identify Yourself:** Write your first name neatly in the top left corner of your paper. This will serve as your official agent tag.

- 2) **Self-Control Test:** Wink at a person near you, but don't laugh. Agents need to stay serious at all times.

- 3) **Stealth Test:** Using your pencil, draw a small circle in the top right corner of your page. The circle should be no larger than a penny. Accuracy matters.

- 4) **Speaking Test:** Tap a person near you. Then look at them in the eyes and say "toy boat" 5 times quickly.

- 5) **Speed & Precision Drill:** Stand up silently, touch your toes three times, then sit back down. Do this without making a sound—stealth is key.

- 6) **Drawing Test:** Flip your paper over and draw a giraffe on roller skates in the middle of the page.

- 7) **Swim Test:** Pretend you are swimming away from a shark. Do this for 10 seconds. Then look at the ceiling and say, "The shark never stood a chance."

- 8) **Argue Your Case:** In the space below, write three sentences arguing why you are qualified to be a secret agent. When you are finished, stare at your teacher. They will collect your sheet.
