Six-Word Memoirs

Your mission is to write your life story. You will do this in three parts.

Part one: Write your life story in exactly 40 words.

Example:

I was born in California, but moved to Minnesota—land of 10,000 lakes. I went to school, fished, played baseball, watched Vikings football, and more. Childhood was great. Now I teach reading, writing, and how to think logically and clearly.

Part two: Reduce your 40-word story to exactly 20 words.

Example:

Born in California, but grew up in Minnesota. School, fishing, baseball, Vikings football—life was great. Now I teach English.

Part three: Reduce your 20-word story to exactly six words.

Example:

Cali born, Minny raised--Teacher today.
