# The Magical School Story Challenge

A great storyteller can transform the ordinary into something extraordinary—turning the familiar into a tale brimming with wonder, mystery, or adventure.

**Your challenge: take a walk around your school campus and let your**

**imagination run wild.** Look closely at the spaces you see every day—hallways, classrooms, playgrounds—and reimagine them as the setting for an

unforgettable story.

- The trees by the school entrance might be the gateway to an ancient land.
- The soccer field could double as a spaceship's landing zone.
- The classrooms might hide a secret civilization of robots.

What you write is entirely up to you—just be sure to craft a creative story inspired by the world around your school.
