# Create a Drawing From a Descriptive Paragraph

(A Day in Dinosaur Land)

**For this task, you will read a descriptive paragraph carefully. Your goal is to draw a picture that accurately shows the details described in the text.**

A tall green dinosaur stands in the middle of a grassy field. It has a long neck that stretches high into the sky and a small head with round eyes and a gentle smile. Behind it, a brown volcano rises in the distance, with gray smoke curling slowly out of the top. To the left of the tall dinosaur, a short, blue dinosaur with three horns lowers its head toward the grass. On the right side of the field, a red dinosaur with sharp teeth stands near a shallow river, its reflection visible in the water. Above them, two flying dinosaurs glide across a bright blue sky filled with fluffy white clouds. Near the ground, a few palm trees lean slightly in the wind, and scattered rocks and ferns cover the field.

A large, empty rectangular box with a thin black border, intended for the student to draw the scene described in the paragraph.
