# Create a Drawing From a Descriptive Paragraph

(Capture the girl's face)

**For this task, you will read a descriptive paragraph carefully. Your goal is to draw a picture that accurately shows the details described in the text.**

Her face was framed by dark hair that brushed gently against her cheeks. Her eyes were a warm brown and her cheeks soft and round with a tint of red. When she smiled, it spread slowly across her face. A faint line appeared between her eyebrows when she focused. Her skin was smooth with a few tiny freckles scattered across her nose. Her ears were small and delicate.

A large, empty rectangular box with a thin black border, intended for the student to draw a picture based on the descriptive paragraph.
